

masteroil ATF MB 17

Description

This is an HC synthetic automatic transmission fluid with a special selection of high-grade base oils and a specific additive package to ensure that Mercedes-Benz automatic transmissions work properly. It is an automatic transmission fluid of the latest generation developed for 9-speed automatic transmissions of Mercedes-Benz vehicles. It guarantees excellent wear protection in every operating situation.

Application

This automatic transmission fluid was developed for use in the latest W9A 700 series 9G-Tronic automatic transmission from Mercedes-Benz, which is also known as N3GAT (new third- generation automatic transmission). It should be used in MB automatic transmissions requiring specification MB 236.17. It is downwards compatible with the former MB 236.16.

Typical characteristic values Property	Method	Unit	Value
Colour	ASTM D1500		YELLOW
Density at 15°C	ASTM D4052	g/ml	0.849
Kinematic viscosity at 100°C	ASTM D445	mm ² /s	4.8
Viscosity index	ASTM D2270		159
Pour point	ASTM D6892	°C	-48

We reserve the right to change our products' general properties so that our customers can always benefit from the latest technical developments.

Specifications

- MB 236.17

Advantages

Excellent shear stability: Outstanding shear stability

This product is available in the following container sizes:

- 1 litre
- 5 litres
- 30 litres
- 60 litres
